# KHABAROVSK TO SAVE SCRAP METAL; EAST KAZAKH METAL ENTERPRISES UP OUTPUT

**KEBAROVSK INVOKES SCRAP METAL EDICT --** Tikhookeanskaya Zvezda, No 105, 6 May 49

The Khabarovsk interoblast Office of "Glavvtormet" (Main Administration of Scrap Metal Industry) announces to directors of enterprises, institutions, cooperative associations of Khabarovsk and Khabarovsk Krai, military units, institutions and enterprises, having ferrous and nonferrous metal scrap or cuttings, that the following practices are forbidden by decree No 262, 21 February 1940, of the Council of Peoples' Commissars USSR and TsK VKP(b):

Resmelting of all types of metal scrap for the needs of the enterprise and in the enterprise's foundries without special technical permission from the ministries;

Sale or transfer of scrap to other organizations or private individuals without special permission or order from "Glavvtormet";

Transport of scrap to city dumps or to any place not having proper storage;

Utilization of scrap for road improvement, construction of dams or other installations;

Mixing various types of metal in collecting production wastes.

Enterprises or organizations which violate the above regulations will be liable to a fine equaling the current cost of the metal, and for the second offense, to a fine equal to five times the cost as well as prosecution for a criminal offense.

Enterprises and organizations are required to sort scrap according to the type of metal, divide it into sizes established by all-Union standard, and present it to procurement representatives of "Glavtormet" under conditions established by the Ministry of Metallurgical Enterprises according to prices current in 1948.

For all questions, apply at the "Glavvtormet" Office, 30 Street imeni Lev Tolstoy, Khabarovsk, or to "Glavvtormet" representatives in rural areas.

EAST KAZAKH MINERS AND METAL WORKERS INCREASE OUTPUT -- Bol'shevik Altaya, No 69, 19 Apr 49

The "Pobeda" Artel of the Kurchum Mine, Vostochno-Kazakhstan Oblast, completed the 6-month plan during the first quarter. The "Probuzhdeniye" and "Vostoka" Artels each completed 150 percent of the first-quarter plan. The mine expects to complete chief parts of the 6-month plan by 1 May, to complete 10 days ahead of schedule all development work preparatory to the summer season, and to put additional mining area into operation. The plan for the first 10 days of April was substantially exceeded.

Bol'shevik Altaya, No 65, 13 Apr 49

Workers of the Irtyshskiy Polymetallic Combine in Vostochno-Kazakhstan (director Petukhov; secretary of Party bureau, Afanas'yev) exceeded the quarter plan for the output of black copper and increased metal smelting 40 percent over the first quarter 1948.

The Berezovskoye and Belousovka Mine Administrations exceeded the quarter plan for mining and processing ore. In comparison with the first quarter 1948, the Berezovskoye Mine Administration (director, Mukhtarov) increased ore mining 50 percent and the Belousovka (director, Tsvetkov), 31 percent.

Bol'shevik Altaya, No 69, 19 Apr 49

The Vostochno-Kazakhstan Oblast Committee of the KP(b) Kazakhstan and the Oblast Executive Committee have made the following awards in the March competition among the oblast's construction projects and enterprises of the polymetallic and rare metals industries: Red Banners have been retained by the Zyryanovsk Mine Administration (director, Sultinskiy; secretary of Party bureau, Selin), the Narymskiy Mine (director, Shigayev; secretary of Party bureau, Yakimov), "Altaytsvetmetrazvedka" Altay Nonferrous Metals Prospecting Trust (director, Kazantsev; secretary of Party bureau, Kardashev), and the Oblast Automobile Administration (chief, Kurmachev; secretary of Party bureau, Ryl'skiy);

Red Banners have been awarded to the Leninogorsk Lead Plant (director, Gogelashvili; secretary of Party bureau, Ibragimov), and the Oil-Processing Plant imeni Krasin (director, Zakharenko; secretary of Party bureau, Kirgintsev).

Enterprises cited for good work in March were "Altayenergo," Sokol'nyy Mine, Belousovka and Berezovka Mine Administrations, "Narymolovo" (tin) and "Kalbaredmet" (rare metals), and the Kurchum and Bukhtarma Mines.

TARTU ALUMINUM FACTORY SUCCESSFUL -- Sovetskaya Estoniya, No 119, 22 May 49

The Tartu Aluminum Plant, Estonia, had completed 54 percent of the 1949 plan on 15 May. During the present quarter alone, the plant has released more than 50,000 rubles by economy measures and by exceeding the production plan.

POTI MANGANESE ORE ARRIVES AT ZHDANOV -- Sovetskaya Litva, No 114, 17 May 49

The Diesel ship Krasnodor has arrived at the port of Zhdanov on the Sea of Azov with 1,000 tons of manganese ore from Poti for the Magnitogorsk Metallurgical Plant.
